Greater Washington County
FOOD BANK

For the past 30 years, the Greater Washington County Food Bank has been collecting, storing and distributing grocery items to more than 4,000 low-income families annually in Washington County. Thanks to generous donations and food drives we have been able to feed the hungry, but to better meet the needs of the community we need to grow!

Building a Community, One Donation at a Time

That's why the Greater Washington County Food Bank has embarked on a Capital Campaign to create a new warehouse, distribution facility and office space by spring 2012. The year-long campaign will fund this expansion, which will help us to store even more food and help more needy families.

We hope that you will join us in our fight against hunger by supporting our Capital Campaign. Every donation will be gratefully and enthusiastically received. All gifts, regardless of size, are important and will help us to meet our goal so that no one in Washington County goes to bed hungry.

To learn more about how you can donate to the Capital Campaign, please visit www.gwcfb.org.
